### **Come y Bebe (Ecuadorian Fruit Salad)**

1 papaya, peeled, seeded and chopped  
1 pineapple, peeled, cored and chopped  
4 bananas, peeled and chopped  
3-1/2 c orange juice  
1-2 T agave nectar

Pour the orange juice over the chopped fruit in a non-reactive bowl. Add 1-2 tablespoons of agave nectar and carefully stir together. Reserve in the refrigerator for 20 minutes. Serve in juice glasses with a fork for both eating and drinking. (If preparing the drink ahead of time, chop the bananas 20 minutes prior to serving to prevent them discoloring.)
